## SPECIAL INTEREST & SELF DRIVE TOURS

All our tours & safaris offer a multitude of experiences and most touch on one form of special interest or another. For those looking for a more focused itinerary centred around your unique passion or interest, special interest tours are designed to enthral and excite you, with the entire experience being dedicated to your special interest. Many visitors choose to incorporate a special interest module as part of their full Southern African experience.

Many travellers prefer to explore a destination at their own pace, taking their own special interests into account. South Africa has an excellent network of tarred roads allowing easy travel to any area visited. Road signs are frequent and easily followed, petrol is widely available, cellular networks cover most of the country and communication is easy & affordable. South Africa and its neighbouring countries have left-hand side traffic. A valid international drivers license is required by the car rental companies. Jon Panos Tours can tailor-make self drive stand-alone packages or in conjunction with scheduled tours, fly-in safaris or special interest tours.

Please contact Lee with your requirements.
